ECOLOGY SOCIETY
presents

ESL Wildside Walks

A 1.5-hour English language adventure in beautiful Stanley Park.

Presenting ESL Wildside Walks, a 1.5-hour interactive nature adventure in beautiful Stanley Park, brought to you by the Stanley Park Ecology Society.

Walk with a naturalist through the Canadian coastal forest, and experience the eagles, herons and songbirds that call it home.

This program, specially conceived for visiting ESL students, encourages discussion and interaction on nature and wildlife themes. Students not only learn the names of local animals and plants; they discover how Stanley Park's wild things interact with each other, and how wilderness fits into the life of the city. Students take home memories (and photographs) of an authentically Canadian outdoor environment, in the heart of beautiful Vancouver.

Connecting people
with nature.

To book now, call
604-718-6552 or email
programs@stanleyparkecology.ca

Program fee: \$9.00 per student,
minimum \$108 per group.

Each group receives a study
guide in PDF format in advance of
their visit.
